Location: 1-33, Bandhanapalli, Rayaparthy, Warangal, Telangana-506313

CAREER OBJECTIVE

Aspiring computer science graduate seeking a challenging role in a dynamic organization where I can apply my technical skills in web development and data management to contribute to innovative projects while continuing to grow professionally.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

MIETW (JNTUH Affiliate) | 2020 – 2024 | CGPA: 7.35

Intermediate (12th Grade - Mathematics, Physics, Chemistry)

Shivani Junior College | 2018 – 2020 | 90.4 %

SSC (10th Grade)

Shivani High School | 2017 – 2018 | GPA: 8.3

TECHNICAL SKILLS

- Front-End Proficient at **HTML, CSS & Bootstrap, React.js, tailwind CSS**

- Good knowledge on **Web Scraping**

- Basic knowledge of **JavaScript** and **Python**

- Experience in photo and video editing using **QR-Code**

INTERNSHIP EXPERIENCE

Frontend Developer Intern

Drecon Innovations | Feb 2025 – Aug 2025

Worked as a Frontend Developer on web-based solutions aligned with client requirements. Contributed to frontend, ensuring seamless integration and performance.

Tools & Technologies Used: React.js, Tail Wind CSS, HTML, CSS, Git

MAJOR PROJECT

Web Scraping on Amazon Product Details

- Scraped Amazon website to collect product details, pricing, and customer reviews.

- Converted the data into a structured Data Frame and created an Excel sheet.

- Utilized **Selenium**, **Beautiful Soup**, **Pandas**, and **SQL** for data collection, manipulation, and storage.

Food Website Project

- Developed a responsive food website using HTML, CSS, and Bootstrap.

- Designed a clean and user-friendly interface for browsing and ordering food.

- Utilized Bootstrap for responsiveness and seamless user experience across different devices.

  Some key features include:

- Responsive design: It looks great on all screen sizes.

- Smooth animations: There are cool effects when you hover over items, scroll, or load pages.

- Clean **design**: The website has a simple, bold look that matches the Nike style.

Automatic Email System

- Implemented an automated email system using Sendinblue.

- Streamlined email marketing campaigns with personalized messages and scheduling.

- Enhanced customer engagement through targeted communication and performance tracking.

Artivana – Custom Frame E-Commerce Platform

Full Stack Developer | React.js, Node.js, MongoDB, Tailwind CSS | Jan 2025 – Jun 2025

Live Demo: https://artivana-zdmj.vercel.app

- Built a full-stack e-commerce website for personalized photo frames

- Implemented secure login, user-specific cart, and checkout flow using JWT

- Enabled QR code features in frames for custom songs or secret messages

- Frontend in React.js with responsive design using Tailwind CSS

- Backend APIs with Node.js, Express.js, and MongoDB for storing all dynamic content

- Deployed successfully on Vercel with smooth frontend-backend integration

MINI PROJECTS:

- Quiz Program using Python.

- Loukecoin Website using Web Technology

CERTIFICATIONS

- AWS Cloud

- AWS Storage (Amazon Web Services Training and Certification)

- Participation in Full Stack Web Development

- Completed Full Stack Development course at **Data Pulse InfoTech**, acquiring skills in

- front-end and back-end technologies.

SOFT SKILLS

- Strong organizational and time-management skills

- Ability to work independently and in a team.

- Quick learner

- Ability to meet deadlines efficiently.

HOBBIES

- Listening to music

- Learning new technical skills

- Editing Videos and Photos
